- B. PURPOSE.** The purpose of the Navajo Nation Veterans Housing Program (NNVHP) is to identify, assess and prioritize the housing needs of Navajo Veterans. The NNVA shall monitor, advocate, promote, and administer NNVA efforts towards housing needs of Navajo Veterans. The NNVHP is to provide and assist with the construction of homes, consistent with applicable industry standards, for Navajo Veterans. Such consideration of homes shall be for qualified Navajo Veterans. These homes are built and provided to the veteran with the intent and understanding that these homes shall remain the property of the qualified veteran.
- C. POSTING OF POLICIES.** A copy of these policies shall be prominently posted in every local NNVA office and shall be provided to all veterans and the general public upon request.
- D. WAIVERS.** Upon determination of good cause, the NNVA Executive Director may waive any provisions of these policies, which will not impede Federal or Tribal statutory requirements. To be consistent with the requirements of the Tribal General Welfare Exclusion Act and applicable Navajo law, the NNVA Executive Director's waiver authority shall not be used to favor members of the governing body of the Nation or other Navajo Nation elected officials. Requests for waiver shall be in writing and clearly indicate the provision of the policies requesting to be waived and shall be supported by documentation of the pertinent facts and grounds. All requests must be submitted to the NNVA Central Administration office for resolution.

Homes provided under this Program shall not be "lavish and extravagant" pursuant to the TGWEA. The size of the home shall be reasonable and appropriate for the size of the family to reside therein. The size, features, and finishes of the home being provided, shall be comparable in nature to homes constructed pursuant to the Navajo Nation's other housing programs funded through NAHASDA or other HUD programs. This Program is available to all Navajo Veterans who satisfy the Eligibility Criteria. The Applicant Screening Listing and Ranking System shall not discriminate in favor of members of the governing body of the Nation or other Navajo Nation elected officials. The screening and ranking system shall not discriminate in favor of Navajo Nation employees, elected officials, or members of the governing body of the Nation. The cumulative total of points determines the applicant's position on the waiting list. Ties are broken by the chronological order of application (date in which the application was received).

Qualification criteria are summarized below. When a veteran completes the application form, they will be asked a series of questions that determine their qualifications relative to the selection criteria. It is very important that veterans (demonstrate understanding of) read and understand the entire application before submitting their screening packet. The local agency office will be available to answer any questions the applicant may have.

Once on the waiting list a veteran may be called in to update their application once a year. Failure to update the application as requested may result in the Veteran being removed from the waiting list. During the update process the information on the application will be verified.

An Eligibility Criteria & Preference Rating Sheet shall be applied to the Navajo Nation Veterans Housing Program.

- B. Ranking System.** The Ranking System shall prioritize applications based on points calculated from supporting documentation provided by the applicant. Each document will have a point value assigned, and such point values may either be fixed, or adjustable based on criteria. Each applicant shall receive a final rating score that totals all of the points awarded based on the supporting documentation. This final score shall be the sole determining factor of the applicant's position on the waiting list. The waiting list shall be adjusted annually to accept new applications, and award additional points to existing applicants based on adjustable point criteria, and any other changes the veteran may have with their supporting documentation. Annually, an applicant's position may move up or down the waiting list based on point values assigned to additional applications received by the program at the beginning of a new assessment period. This system is designed make the process fair and equitable and to prevent outside influence from or advantage to members of the governing body of the Nation or other elected officials.
